SUMMARY

Third-year dual-degree student at VNUHCM-UIT seeking a Game Developer Internship. Skilled in C++, C#, and Unity, with hands-on experience developing 2D platformer games and implementing core gameplay systems such as player movement, jumping, dash mechanics, wall interaction, save systems, UI, audio, and visual effects. Passionate about gameplay programming and building polished player experiences through iterative development, debugging, and team collaboration.

ACADEMIC BACKGROUND

VNUHCM - University of Information Technology

B.Sc. student in Information Systems & Computer Science

Oct 2023 – Now

Current GPA: 3.2/4.0

COMPETITIONS & AWARDS

4th Place, SEAPP 2025 - University Competition

Dec 2025

Honorable Mention, ICPC Vietnam National Round - Informatics Olympiad - National

Nov 2025

Honorable Mention, ICPC Vietnam National Round - Informatics Olympiad - National

Sept 2024

SKILLS

Programming Languages: C++, C#, Python
Game Engine & Tools: Unity, Visual Studio, Git, GitHub
Soft Skills: Teamwork, Communication, Problem Solving, Adaptability
Languages: Vietnamese (native speaker), English (fluent, 6.5 IELTS)

PROJECTS

Celeste 2D Lite

Sept 2025 – Jan 2026

URL: [github.com/AdamNbz/celeste-2d-pc-version](#)

- Developed a 2D PC platformer in Unity inspired by Celeste, focusing on responsive character control and polished gameplay feel.
- Technologies:** C#, Unity.
- Role:** Game Developer; implemented core platformer mechanics including movement, jumping, directional dash, wall climbing, wall jump, coyote time, and jump buffering, while also contributing to save/checkpoint systems, UI, audio, and visual effects.

Super Mario Bros 2D

Sept 2025 – Oct 2025

URL: [github.com/AdamNbz/super-mario-bros-2d](#)

- Built a 2D platformer game in Unity inspired by Super Mario Bros, recreating classic side-scrolling gameplay for PC.
- Technologies:** C#, Unity.
- Role:** Solo Game Developer; developed gameplay logic, player controls, and core platformer systems in Unity.

ACTIVITIES

UIT GamApp Studios Club | Member

Member of the Development Team; gained Game & Software development experiences, as well as improved teamwork & communication skills.

Oct 2024 – Now
